CHILEAN SEABASS

CONFREMAR

CONFREMAR USA, LLC

Our Story

"Our unwavering goal remains the same: to consistently provide value and quality"

Introducing the Confremar Group - a legacy of over 50 years crafting excellence in frozen distribution, wholesaling, and production. Originating in Madrid, Spain, we embarked on our journey as a family-run business, specializing initially in tuna fish and later expanding our offerings to include the finest Spanish Pulpo.

Born out of a passion for delivering top-tier quality and unwavering work ethic, Confremar USA emerged with a mission to extend our commitment to excellence into the North American markets efficiently. Our dedicated team specializes in marketing a premium line-up that includes Chilean Seabass, Spanish Octopus, Yellowfin Tuna, Swordfish, and Mahi Mahi throughout the United States and Canada. From retail-ready formats to foodservice-oriented products, our unwavering goal remains the same: to consistently provide value and quality. Discover the full narrative of Confremar's journey at www.confremar.com and join us in savoring the flavors of a legacy built on excellence and passion.

Our fish

Introducing our culinary masterpiece - the star dish of high-end dining. This exquisite creation boasts a snow-white hue, a firm yet irresistibly buttery melt-in-your-mouth taste, making it a perennial favourite among chefs. Our unwavering commitment to quality ensures that you'll experience unparalleled satisfaction in terms of texture, flavour, and appearance every time.

Harvested under the most demanding weather conditions in the Southern Pacific Ocean or Reunion Island, our vertically integrated operation guarantees a stable, quality-focused supply throughout the year.

Our catch is fully traceable, adhering to COLTO and CCMLAR standards, making it a safe and responsible purchase that meets the strictest compliance and sustainability criteria.

We take pride in our sites being BRC and IFS accredited, equipped with cutting-edge processing technology that aligns with the standards of the most demanding programs worldwide. Elevate your dining experience with our premium offering - a harmonious blend of culinary excellence, traceability, and sustainability.
